VAUGHAN'S SEED STORE

CHICAGO 31-33 W. Randolph St. NEW YORK 43 Barclay St.

Greenhouses, Nurseries and Trial Grounds, Western Springs, Ill.

BUSINESS CONDITIONS

These Prices supersede all others and are subject to change without notice.

TERMS. Sixty days net cash to Seed Houses of approved credit, except on cash items named below, or on special quotations. Seed houses buying their general supply from us will be given June 1st terms. Bills to houses not regularly in the catalogue seed trade are due the first of every month following date of purchase.

Grass, Farm, Bird and Clover Seeds, Onion Sets, Potatoes, Fertilizers, Bone Mills, Raffia, Reeds, Insecticides, Mushroom Spawn and Flower Pots are always net cash.

CASH DISCOUNT.—We allow a discount of 1 per cent. per month for cash with order, and also on bills paid within 10 days from date, (excepting cash items mentioned above).

Seedsmen's Discounts from Spring Descriptive catalogue.

Orders under \$2.00 for packet seeds, 33⅓ per cent discount.

Orders exceeding \$2.00 for packet seeds. 50 per cent discount.

Orders for 500 packets or more at one time, 60 per cent discount.

Orders for ounces, pints, and quarts, 33⅓ per cent discount.

Orders for "Special Offers" and cut rate "Collections" only 10 per cent discount.

Orders for ¼ lb. and ¼ bushel are billed at pound and bushel rates, ½ oz. at oz. rate.

Seeds by Mail.—On all stocks postage will be charged to purchaser including insurance fee. If package exceeds \$2.00 in value it will be sent by insured mail or express and if prepaid such prepayment charged to customer.

Routing Shipments.—Railroad or Express routes given by buyers, which should be on each order, will be strictly followed by us where possible. In all cases where the route is left to our judgment we will select the best we know, but entirely at the risk of the buyer, we assuming no responsibility for delays in transportation. Please use on every order the following words as routing instructions: "FREIGHT," "EXPRESS" or "MAIL." AVOID the use of the words "SEND" or "SHIP," they MEAN NOTHING.

NOT WARRANTED.—We do not warrant in any way, express, or implied, the contents, or the description, quality, productiveness, or any other matter of any seeds, bulbs or plants, sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on the above terms, no sale is made thereof, and he must return them at once, and money will be refunded. Subject to above conditions we make this sale, at the moderate prices at which we sell our goods.

Trade List of Seeds.

A seed dealer selling direct to a consumer must sell good seeds. Quality in seeds is equally important to the man who deals in seeds alone and to the grocer who sells a few packets only. Poor seeds are always found out, and the dealer selling such not only ruins future seed business but works an irreparable harm to his other lines of business when selling poor seeds as a side line.

Vaughan's Seeds are the very best. Lower prices can be found. However, cheap prices and poor seeds inevitably go together. We own our seeds at right prices and, quality considered, we can and will meet any reliable competition.

The market prices on many seeds change continually. We shall be pleased at all times to make special prices on quantity lots.

VAUGHAN'S MARKET GARDENERS'

EARLY JERSEY WAKEFIELD.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) and (2) under the conditions (3) and (4). It is shown that the system of equations (1) and (2) has a solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

2. In the second part of the paper, the problem of the uniqueness of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has a unique solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

3. In the third part of the paper, the problem of the stability of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has a stable solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

4. In the fourth part of the paper, the problem of the asymptotic stability of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has an asymptotically stable solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

5. In the fifth part of the paper, the problem of the boundedness of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has a bounded solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

6. In the sixth part of the paper, the problem of the periodicity of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has a periodic solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

7. In the seventh part of the paper, the problem of the ergodicity of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has an ergodic solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

8. In the eighth part of the paper, the problem of the mixing of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has a mixing solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

9. In the ninth part of the paper, the problem of the entropy of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has an entropy solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

10. In the tenth part of the paper, the problem of the chaos of the solution of the system of equations (1) and (2) is considered. It is shown that the system of equations (1) and (2) has a chaotic solution if and only if the conditions (3) and (4) are satisfied. The proof of this theorem is given in the next section.

VAUGHAN'S

Trade List of Flower Seeds.

"THE BEST FLOWER SEEDS IN AMERICA."

Our list contains all the best novelties that we know to be worthy of cultivation and that are improvements on the older kinds or entirely new varieties, as well as all the standard sorts. The quality of our seeds is the very best, and our prices are reasonable.

Quantities of $\frac{1}{4}$ lb. and over are charged at the pound rates ($\frac{1}{4}$ lbs at the oz. rate), $\frac{1}{2}$ ozs. at the oz. rate, but only when the price per ounce is 60c., or more, and is not otherwise quoted.

We do not sell half ounces where the price per ounce is 15c or under.

ASTERS.

Our Aster seed is raised by experienced and reliable seed growers, in many cases from our own stock seed and should not be compared with stock raised in the south or by experimenters who use no care and lack experience.

We have divided our list of Aster seed into three sections, arranged according to height. Each section is cataloged alphabetically. The separate sorts of all the varieties are listed according to the established color classification, beginning with white and running through yellow, light pink to dark red and light blue to purple.

VAUGHAN'S "UP-TO-DATE" INTERNATIONAL—Pallia THE WORLD'S BEST PANSIES

Vaughan's International is, we firmly believe, the best Pansy mixture in existence, because it is composed of the cream of 10 Pansy Specialists' collections. It contains besides the fancy selections of these growers all the separate colors and strains in cultivation, carefully prepared by ourselves, so we know just what it should produce.

This is one of the specialties which has established the reputation of Vaughan's Seeds, and our customers can readily see why it is our most earnest endeavor to make Vaughan's International Pansy Mixture better than ever. Per $\frac{1}{8}$ oz., \$1.00; oz., \$7.00; lb., \$90.00.

VAUGHAN'S SWEET PEAS

Our Sweet Peas are carefully grown by experienced men from stock seed in many cases supplied by us, and better seed cannot be had in this country than is supplied by Vaughan's Seed Store.

This crop is, unfortunately, exceedingly short again this year and we are bound by these prices only for quantities so far as accepted, and prices are good only for immediate acceptance and if unsold upon receipt of order.

SWEET PEAS IN MIXTURE

Vaughan's Prize Mixture—Stumpf. This mixture contains the cream of the new and standard sorts, including most of the new Spencer varieties. It is made up entirely of separate named sorts, carefully proportioned as to its composition, and we can safely say "**there is no better mixture in existence**," no matter at what price or under what name it may be offered. **Per lb. \$1.00, 10 lbs. \$9.50, 100 lbs. \$90.00.**

Vaughan's Florists' Mixture—Stumpfsinn. This is a mixture made by ourselves, of principally light-colored varieties, suitable for florists' cut-flower trade. It is a very carefully proportioned mixture and gives satisfaction. **Per lb. \$1.00, per 10 lbs. \$9.50.**

Eckford Mixture—Stunde. This mixture contains over thirty varieties, including some of the novelties of 1913 and other choice sorts. **Per lb. 50c, 100 lbs. \$45.00.**

All Colors Mixed—Sturm. Also a very good mixture. Contains over twenty varieties. **Per lb. 45c, 100 lbs. \$40.00.**

MRS.
FRANCIS KING

A vigorous grower 5 to 6 feet, with broad foliage. The spike is straight and strong. The flowers are large, beautifully arched and arranged in two rows facing the same way, with 6 to 8 open at a time. The color is a brilliant carmine with a large white blotch on lower petals, the white and carmine blending into a violet tint. **FIRST size, per 100, \$10.00. Code Word—"Gardenite."**

VAUGHAN'S PRINCEPS

The flowers are 5 to 6 in. broad, the petals are very wide and rounded, well reflexed, forming an almost circular flower. The color is brilliant scarlet-crimson, carrying mostly three broad white blotches on the lower petals.

Per 100, \$5.00; per 1,000, \$45.00. Code Word—"Garcia."

NIAGARA

In type the variety resembles "America," but the flowers appear to be somewhat larger, measuring $4\frac{1}{2}$ inches across. In color the flowers are a delightful cream shade with the two lower inside petals or segments blending to canary yellow. The throat is splashed with carmine, and the lower ends of the outside petals are also blushed with carmine. The stamens are purple and the stigmas pale carmine, this little addition in the coloring relieving creamy effect of the petals.

FIRST size, per 100, \$15.00. Code Word—"Gamble."

KUNDERDI "GLORY"

New Type of Gladioli With "Ruffled" Petals.

The broadly expanded, wide open paired flowers, all face in the same direction and are carried on straight, stout stalks, fully $3\frac{1}{2}$ feet. From three to eight of these handsome flowers are open at one time. Each petal is exquisitely ruffled and fluted.

The color is a delicate pink, with a most attractive crimson stripe in the center of each lower petal, the shade of which is unique in Gladioli. The ruffling of the petals in this new strain has attracted attention the country over.

FIRST size, per 100, \$6.00; per 1,000, \$55.00. Code Word—"Garg."

GLADIOLUS

MRS. FRANCIS KING

The Leading Decorative Gladiolus—For the Trade

The long, strong flower stalks with foliage, its effective flower spike with a good line of reserve buds continually opening, with flower $4\frac{1}{2}$ inches across, five to six flowers well spread out on the spike at the same time, its brilliant vermillion scarlet color gives for vases, in hotel lobbies and dining rooms, parlor decorations, etc., an effect not produced by any other Gladiolus.

FIRST size, per 100, \$2.00; per 1,000, \$17.00. Mailing size, per 100, \$1.50; per 1,000, \$13.00. Code Word—"Gam."

CHICAGO WHITE

The Earliest White

The flowers are well expanded, well placed upon the stalk, pure white with faint lavender streaks in the lower petals. In form they resemble the Childsli type. They are borne on tall, straight stems and from five to seven flowers are open at one time. It is one of the earliest varieties to bloom.

We gave this a very effective try-out the past season among some of the most important forcers of bulbs for cut flowers in and about Chicago. The results have been very satisfactory and a fixed demand for this variety for early use, both in doors and out of doors. A notable feature is the fact that many of these bulbs grown and sold by us produce two flower spikes.

FIRST size, per 100, \$4.00; per 1,000, \$32.00. Mailing size, per 100, \$3.50; per 1,000, \$28.00. Code Word—"Garden."

AMERICA

Soft lavender pink, very light, almost a tinted white, spikes two and three feet long, very large spreading blooms and luxuriant dark green foliage. When cut it lasts in water a week or more, the blossoms retaining their vigor and delicate coloring to the last.

FIRST size, per 100, \$1.75; per 1,000, \$15.00. Mailing size, per 100, \$1.40; per 1,000, \$12.50. Code Word—"Gladamer."

HYDE PARK

VERY EARLY BLOOMER

A new hybrid of the Gandavensis type, a cross between May and the old favorite Shakespeare.

The flowers have the same fine open shape and large size as Shakespeare, with the same exquisite coloring in the three upper petals—a frosty, sparkling white, penciled and feathered with light and dark rose—but the lower petals are much more distinctly blotched with cream—which is an added charm.

The foliage is clean and healthy, remaining deep green until frost.

It is a very early bloomer, making it of special value in the cut-flower market, as it comes in at a time when there is very little competition from other varieties; an ideal variety for Florist use.

Received certificate of merit from American Institute of New York City.

Price—Per 100, \$8.00; per 1,000, \$75.00.

PANAMA

A new seedling of America which resembles the parent variety in every way except that it is a much deeper pink. A grand variety which evokes words of praise wherever exhibited. Spike very long with flowers large and well arranged. Price

—FIRST size, per 100, \$30.00.

PRAIRIE STATE INCUBATORS AND BROODERS.

The Prairie State is the safest and most reliable Incubator a merchant can sell; every machine is guaranteed by the manufacturer and no risk whatever is assumed by the purchaser.

The Prairie State, because of its system of regulation and ventilation, is the most easily operated and the most certain in results of all incubators. It has done more to make poultry-raising profitable than all other machines combined. It is a machine upon which you can depend. It is the machine you want.

They have the best regulator ever placed in an incubator—the only thermostat which takes the temperature from both the upper and lower sides of the egg tray, thus controlling the heat in all parts of the egg chamber.

VAUGHAN'S "ZENITH" HEN FEED.

Vaughan's Zenith Hen Feed is different from nearly every hen food on the market. It contains no grit, no shell or other weight-making ingredients. Every ounce of "Zenith Feed" is an ounce of pure grain. The feed is composed of only sound, sweet grain, as we never, under any condition, allow any damaged grain to get into this food. The mixture is made carefully and scientifically. We believe this Feed to be the cleanest and best balanced ration on the market today. Because Zenith is an all-grain mixture, it is advisable in feeding to supply, in addition, Grit, Bone, Meat Meal, Charcoal and Green Food. If fed in a litter of cut clover or hay, scratching is necessary and is an extremely beneficial exercise for the poultry. Samples and prices mailed on application.

VAUGHAN'S LAWN GRASS SEED.

Vaughan's Lawn Grass Seed has been known as a quality mixture for thirty-six years. A dealer can sell it with the assurance that there is no better grade put up and a customer will accept it without argument.

Grass Seed is again bringing high prices, and good seed is scarce. With great care we select the fanciest samples of the different grasses the market offers, and our mixtures are properly balanced, the result of thirty-seven years' experience, and are made of the fanciest samples of the different grasses. An equal quality mixture cannot be sold for less money.
